# AngelNetCoin Whitepaper v1.0

Built on the Ethereum blockchain

## Disclaimer

The purpose of this whitepaper is to present AngelNetCoin and the ANC token to potential token holders in connection with the proposed ICO. None of the information contained below imply any sort of contractual relationship. The sole purpose of this document is to provide relevant information to potential token holders so that they may decide if they want to analyze the company further, with the intent of eventually acquiring ANC tokens.

Nothing in this whitepaper shall be deemed to constitute a prospectus of any sort or a solicitation for investment, nor does it in any way pertain to an offering or a solicitation of an offer to buy any securities in any jurisdiction. This document is not composed in accordance with, and is not subject to, laws or regulations of any jurisdiction, which are designed to protect investors.

The product token is not a digital currency, security, commodity, or any other kind of financial instrument and has not been registered under the Securities Act, the securities laws of any state of the United States or the securities laws of any other country, including the securities laws of any jurisdiction in which a potential token holder is a resident.

ANC tokens cannot be used for any purposes other than as provided in this whitepaper, including but not limited to, any investment, speculative or other financial purposes.

ANC token confers no other rights in any form, including but not limited to any ownership, distribution (including, but not limited to, profit), redemption, liquidation, property (including all forms of intellectual property), or other financial or legal rights, other than those specifically set forth below. Certain statements, estimates and financial information contained herein constitute forward-looking statements or information. Such forward-looking statements or information involve known and unknown risks and uncertainties, which may cause actual events or results to differ materially from the estimates or the results implied or expressed in such forward-looking statements.

# Abstract

Ethereum-based crypto coin that is tradable with any cryptocurrency. you can buy sell or trade these crypto coins, or use them to buy things just like you can Ethereum or Bitcoin. Created by The AngelNetwork Corner, which is an agency created with the purpose of funding, nonprofits and individuals in need. We have NFTs for sale, and the proceeds from both ANC and The Angel, Dragon series NFTs are used to help the communities and fund nonprofits. So join in today, every 100 AngelNetCoins that are sold for the first 1000 coins will receive a AngelNetwork T-shirt for free or you can also order a AngelNetwork T-shirt if you like. just email our creator at the.angelnetworkcorner@gmail.com join our cause of fighting poverty and supporting our nonprofits, If you have a specific nonprofit you would like us to add to our list of those we support please email our creator with the subject "AngelNetwork Support this Cause" and we will include them in our list of nonprofits.

# Product

The ANC token is an ERC20 standard Ethereum token.

Holding ANC tokens allow you to interact with the AngelNetCoin protocol atop of the Ethereum blockchain. The benefits of these interactions will be revealed as the AngelNetCoin protocol is developed.

Tokens will be available for 30 days starting on August 20th, 2018 and ending on August 21st, 2018.

ANC ICO is conducted by The AngelNetwork Corner. The offering will be open to the public globally.

# Technical Specifications

Protocol Name: AngelNetCoin

Symbol: ANC

Contract Address: [0x00](https://etherscan.io/address/0x00)

Decimals: 18

Initial Supply: 1000000  
Token Price At Issue: 4000  
ICO Start Date: Sat Apr 20 2024  
ICO End Date: Mon Oct 21 56272

## Background

### About blockchain technology

Blockchain makes it possible to run a decentralised peer-to-peer platform, enabling users to transact without an intermediary and benefit from faster and cheaper transactions. Smart contracts create tamper-resistant transactions for greater security.

### About Ethereum

The Ethereum main chain was chosen as the preferred chain for the dock.io protocol to run on due to several benefits:

1. Network effect and strong ecosystem.
2. Multiple good scaling roadmaps.
3. Easy integration with third-party smart contracts and applications.
4. ERC20 token standard and easy integration with wallets and exchanges

### About The AngelNetwork Corner

We are a network of like-minded people that, banded together to fight poverty, support worthy nonprofits, to help our our communities and to eventually build enough funds to build a nonprofit ranch of our own. WE are always doing food drives and donating to our list of nonprofits. We are always open for new nonprofits to support. All proceeds are set aside for our nonprofits and to use to help those in need. Our current project is helping homeless families, or soon to be homeless families get, stable housng and helping them to become self-sufficient by either helping them get training for a new job or help them find a job, or if they need to be on disabilities we connect them with our team of lawyers that helps them get the support they need. Our next project will be to help low-income do needed home repairs, or upgrades. We have monthly raffles that strt next month that go with our NFT collections, anyone that completes a collection recieves a gift related to the collection they own and are entered to win a surprise deposit in their ANC wallet or their ETH wallet. Also every 100th AngelNetCoin sold will recieve a AngelNetwork T-shirt that shows they support

our cause.
